Editorial

The Editorial Board is happy to announce the release of Volume 8 of our reputable Journal. With this release, the Journal is now up to date and we hope to now stabilise and do all that is possible to bring out two issues i.e. April and October each year, barring all unforeseen circumstances. We shall also work towards making the review process fully online without the need to send email attachments to reviews.

Let me express our profound appreciation to our numerous reviews for sparing their valuable time and scarce resources to review papers for this Volume in a timely manner in spite of their tight schedules. We appeal that they will oblige us this same privilege whenever we approach them for the same favour. It is our plan to have the names of reviewers for each Volume printed so as to give wider publicity to their expertise, which we shall commence with volume 9. I will however appeal to our reviewers to be more critical with the papers since we are dealing with a global audience.

We are very thankful for the support of the Dean of the School, Prof. R. J. Kolo, the Board of the School and the elders of the School for their fatherly roles for all the support. We also express our profound appreciation to our Editorial advisers for their sense of commitment and dedication. We are also appreciative of the role the Vice Chancellor and other Principal Officers in providing the enabling environment in the University for quality Journal publishing.

Editor-in-Chief

Prof. Job N Nmadu

Errata:

Reproductive performance of rabbits fed varying levels of soya bean milk residue by Alemede, I.C., Abdulsalami, O., Ogunbajo, S.A., Banjo, A.A & Ibrahim, M.J was inadvertently published in Volume 7 twice. The version that appeared in Volume 7(2) is hereby withdrawn. The error is regretted.

In addition to the above, some typographical errors were spotted. We shall work hard to ensure error-free publishing.

Editor-in-Chief

TABLE OF CONTENTS

REPRODUCTIVE PERFORMANCE OF RABBITS FED VARYING LEVELS OF SOYA BEAN MILK RESIDUE	1
*Alemede, I.C., Abdulsalami, O., Ogunbajo, S.A., Banjo, A.A & Ibrahim, M.J	1
